YardPour - Bags per fence post (planning chart)

Use the live calculator for your hole and bag yield:
https://yardpour.com/fence-post-concrete-calculator/

4x4 in 10 in hole x 24 in deep: about 2 x 80 lb bags (0% waste)
4x4 in 10 in hole x 30 in deep: about 2 x 80 lb bags
4x4 in 12 in hole x 36 in deep: about 4 x 80 lb bags

Subtract the post and gravel base — see the calculator.
